

# Maitri Health Win-Shield™

## Protection, functionality and comfort.

Not all face shields are created equal. The Win-Shield™ delivers a new level for safety in a patent pending designed.

Designed by healthcare and dental professionals, the Win-Shield™ covers the face and head while adding a superior level of comfort. Easy to assemble and comfortable for all day use, the Win-Shield™ changes the perception of what it means to wear personal protective equipment. Health and businesses can now equip their teams with a shield that will comfortably and safely keep our society working.

Recyclable, the Win-Shield™ is designed to encourage a sustainable strategy as part of health and safety.

The Win-Shield™ is part of the Maitri Health Technologies system of products and solutions. Our platform is made up of best of breed materials and technology to keep our world safe today and into the future.
